### What is xFair?

xFair is more than booths, name tags, and blazers—it's an exhibition of the latest pursuits by companies and students combined. The result is a unique showcase of raw talent, ideas, and passion. With over 2000 MIT undergraduate and graduate students in attendance, xFair is MIT's largest career fair and tech expo.

### Why xFair?

At xFair, companies can showcase their products and services to thousands of MIT's best and brightest students in order to build their brand. On top of that, xFair allows companies to demonstrate tangible projects that students can work on through potential internships and jobs.

With us, companies can recruit the brightest young minds to make their visions come true. As part of the xFair experience, the best of MIT student talents are showcased by bringing in student projects. These projects range from flying vehicles to self-made 3D printers, all of which contribute to xFair's interactive and engaging atmosphere.

The table on the next page outlines the benefits of sponsoring xFair and the various sponsorship tiers available for purchase.

### Interested?

Contact our corporate relations team at [xfair-cr@mit.edu](mailto:xfair-cr@mit.edu). We'd love to hear from you.

All companies attending MIT recruiting events must follow MIT CAPD guidelines, which can be found at: <https://capd.mit.edu/employers/recruiting-policies-and-resources>
